	<b>APPENDIX A: RIGHTS AND RESPONSIBILITIES .....</b>	<b>9</b>
	<b>APPENDIX B: LOGO MEASUREMENT TEMPLATE .....</b>	<b>10</b>

**1. Overview:**

1.1. To compete in ITU events in 2010, athletes must comply with the 2010 ITU Uniform Rules.

**2. Purpose:**

- 2.1. Provide a clean and professional image of our sport to local and global spectators and media.
- 2.2. Provide sponsors with reasonable space for viable exposure.
- 2.3. Provide a framework for ITU member National Federations and athletes to enable both parties to have a mature relationship with respect to rights and responsibilities, as per Appendix "A" attached.

**3. General Requirements:**

- 3.1. Uniforms will be completely clean of any logos or images other than those described below.
- 3.2. These rules apply to uniforms worn during competition, including any outer wear for cold weather.
- 3.3. Logos will be measured on a flat surface when the athlete is not wearing the uniform. The "ITU Logo Measurement Template" will be used to measure logo sizes.
- 3.4. There is no restriction on the type of logo used in the sponsor spaces other than those representing tobacco, spirits and products containing any substance on the WADA Prohibited List. (See Diagram 1 for location of sponsor spaces).

3.5. One piece uniforms are preferred. If a two piece uniform is used, the space between the top and the bottom may not be visible, so the two pieces overlap. The athlete must cover their torso for all aspects of the race.

- 3.6. Zippers must be on the back and will be a maximum of 30cm. Front zippers are not allowed.
- 3.7. The uniform must be attached at both shoulders for the duration of the competition.
- 3.8. There must be a minimum clearance space of 1.5cm around all marks including:
  - a) The ITU logo;
  - b) The family name and country code;
  - c) All sponsor spaces

#### **4. Uniform Colour and Design:**

- 4.1. Uniforms must be in the colours chosen by the country for ITU World Championship Grand Final, ITU Continental Championships and ITU Multisport World Championships events.
- 4.2. The colour and design of the uniform and podium apparel should be distinct to that country and should be approved by ITU in advance.
- 4.3. The term "design" will be clarified throughout the 2010 season and fully implemented in 2011. It is intended to give the country uniforms a "distinct" look. However the "design" definition should not impact on technical requirements that athletes might have due to body shape or size.
- 4.4. An "approval process" for the uniform colour and design will be developed in collaboration with stakeholders for approval by the 2010 ITU Congress and fully implemented in 2011. The goal of the approval process will be to ensure countries do not have the same uniform colour and design, i.e., the red, white and blue countries.

#### **5. Family Name and Country Code/Name:**

- 5.1. **Importance of Family Name and Country Code/Name:** Athletes and National Federations (NFs) must understand the importance of athlete identification for television, media and spectators. The family name and country code / name (optionally in the language of the country) must be placed on the upper front of the uniform and also on the buttocks. In case the country name is used, the wording and design must be approved by ITU by 1<sup>st</sup> March 2010. The representation of both the family name and country code / name must meet the following criteria:
  - a) **Font Type:**
    - The font type must be "Arial".
    - Letters for the family name and country code must be in upper case, unless the name is more than 9 letters, in which case lower case letters should be used following the first capital letter. (See Diagram 2: Family Name Layout).
  - b) **Colour:**
    - If the uniform is a dark colour, the letters must be white. If the uniform is a light colour, the letters must be black, if the uniform is a dark colour the letters must be white.
  - c) **Position:**
    - Front: The position on the front is below the ITU logo and Sponsor Spaces B and F. The athlete's family name is above the country code and Sponsor Space A.

- Back: The position on the back is below the waistline so that it is clearly visible when the athlete is on the bike.
- Height: The family name and the country code must be a minimum of 5cm in height, regardless of the number of letters in the name.
- Width: The width for the family name and country name is a minimum of 12cm and a maximum of 15cm. A family name with few letters must still be a minimum of 12 cm wide. (See Diagram 2: Family Name Layout)
