WELCOME TO PUNTA CANA

The sophisticated East Coast of Dominican Republic attracts vacationers from around the world who come to explore and savor the natural treasures and luxuries of Punta Cana. Nestled across 100 miles (160 kilometers) of the world's best beaches lapped by turquoise waters and dotted with swaying palm trees, Punta Cana is Dominican Republic's most lavish and popular destination. Your inspiration begins at touchdown, where the picture-perfect coastline beckons with a seemingly endless strip of frost-white sand shelving into reef-protected lagoons of irresistible peacock blues and greens. These silvery sands stretch virtually unbroken for 40 miles (64 kilometers) and are the reason for Dominican Republic's astonishing assemblage of all-inclusive hotels and convention centers.

Punta Cana's beaches and resorts may be its biggest draw, but its world-renowned golf courses and entertainment, like swimming with dolphins, explore caves, refresh in natural springs and zip lining through the exotic vegetation, promise to capture your imagination and refresh your soul. To the north of Punta Cana is the equally luxe resort area of Bávaro. Together, Bávaro and Punta Cana feature Dominican Republic's largest hotel and resort infrastructure. Year after year, this region, where the Atlantic meets the Caribbean Sea, has been the venue for international fishing competitions and has also become the number one golf destination in the Caribbean, among the top in the world. The following guide to Punta Cana includes descriptions of the amazing attractions, golf courses, beaches and more that await you.

DOCUMENTATION:

Most visitors arriving in the Dominican Republic—including those from the United States, Canada, United Kingdom, the European Union, Mexico, many South American countries and Central America (see the full list of countries on our website)—only need a passport with a minimum validity equivalent to the duration of their stay to enter the country. The cost of the 30-day tourist card, paid separately in the past, is now included in the airline ticket for all visitors. **VISAS:** Any person, regardless of their nationality, can visit Dominican Republic if they are a legal resident of, or if they have one of the following valid visas in their passport: United States, Canada, United Kingdom or Schengen. Travelers who do not have a passport or visa from countries listed above will need to apply for a visa. To issue a visa, the passport needs to have a validity of at least six (6) months. If you need to apply for a Tourist visa, please visit this website to find your Dominican consulate abroad: www.consuladord.com

We remind all our athletes the importance of fostering an environment of good practices by incorporating environmental sustainability. It is clear that our planet Earth is experiencing a climate change unprecedented in its entire history.

For this reason, we as the MOVERD team have as our main pillar to assume a commitment to contribute to change our life and consumption habits, with the collaboration of everyone! It will always be less... than the price of doing nothing!

**Just a change of behavior, transform
climate change, help us!**
