1. WELCOME

WELCOME LETTER MARISOL CASADO

Marisol Casado

World Triathlon President
IOC member

A very warm welcome to the 2024 World Triathlon Para Cup Taranto!

It was with great pleasure that we saw this beautiful city join our Para Cup circuit last year, and we are delighted to be returning in 2024. This is the most important of Paralympic years and this weekend, Taranto will provide another precious opportunity for our Para triathletes to earn qualification points and find their best form ahead of Paris 2024.

The Italian Triathlon Federation's support for World Triathlon events is exceptional, and it has been shown across so many formats and at so many levels. Both for the development of their current athletes and the future growth of the sport, they are showing the huge rewards of all that hard work and investment.

Here on the southern coast in Puglia they have created another stunning venue for the athletes to race in. Huge thanks once again go to the LOC and the Italian Triathlon Federation for all their hard work in putting together this magnificent course, and to all of the officials and volunteers who help ensure the smooth running of the event, and to the local people for their warm welcome.

To the athletes, I wish you good luck in achieving your goals, both now and across this most important of years, and I hope that you all get the opportunity to enjoy this stunning part of Italy over the coming days.

Yours in sport,

World Triathlon
Para Cup
TARANTO
2024

WELCOME LETTER RICCARDO GIUBILEI

Riccardo Giubilei

Italian Triathlon Federation
President

In the extraordinary setting of the Taranto Air Force Volunteer School we are hosting, for the second time, the World Triathlon Para Cup, one of the most anticipated event of the year.

The race in Taranto will probably be pivotal for the Paralympic aspirations of many athletes, assigning precious points for Paris 2024, therefore in Puglia we'll see the best male and female paratriathletes competing to conquer the dream of participating at the Paralympic Games.

I would like to thank the Italian Paralympic Committee, the Puglia Region, the Municipality of Taranto, the SVAM, the Italian Air Force, the NATO Base of Taranto and the Fitri Puglia Regional Committee for their effort and their ability to work as a team in creating an event which is already considered as a milestone in the Paralympic international landscape.

In such a peculiar moment for Europe and for the entire world, in which the echoes of wars do not stop even in front of the Olympic and Paralympic Games, being able to host and organize a paralympic race in a military school and in a NATO base is, in our opinion, one of the most powerful message of peace, inclusion and hope.

World Triathlon
Para Cup
TARANTO
2024

WELCOME LETTER LUCA PANCALLI

Luca Pancalli

President of the
Italian Paralympic
Committee

Soon Taranto will be again the scene of a World Triathlon Para Cup, after the first and successful edition of last year. It's with distinctive pleasure that I receive this confirmation and appreciation by World Triathlon for the Italian Triathlon and Paratriathlon movement, a competitive reality which is constantly growing thanks to their evident and undeniable organizational skills.

Once again, on June 8th and 9th, we will have the opportunity to host, in an enchanting and charming location, not only our national championships, but also the best international talents of one of the most challenging and spectacular sport of the paralympic landscape.

The World Cup of Taranto will be one of the last races assigning crucial points for the qualification of the Paralympic Games, therefore the participation will be impressive and the competitive spirit will be at the highest level. My wish is to confirm the success of the last edition, characterized by a large audience and the warm embrace of many supporters. For Taranto, this edition of World Cup will be another test in preparation of the highly anticipated Mediterranean Games of 2026.

I wish luck to President of the Italian Federation, Riccardo Giubilei, to the entire Federation and to all the people involved in the organization of the event.

In the hope that this kind of event, as many other competitions hosted in Italy so far, can represent an extraordinary opportunity to demonstrate that sport can be engine of social inclusion and cultural growth and it can give such a great contribution in changing the perception of disability in our country and worldwide

2. GENERAL INFORMATION

The purpose of the Athlete Guide is to ensure athletes and team officials are well informed about all procedures concerning the 2024 World Triathlon Para Cup Taranto.

5. TRAINING

5.1 SWIM COURSE FAMILIARIZATION

Swim familiarization for paratriathletes will take place from 16h00 - 17h00 on Saturday, June 7th at the S.V.A.M. Military Air Force Volunteer School, Via Mario Rondinelli, 26, 74121 – Taranto.

5.2 SWIM TRAINING

Swimming Pool: Mediterraneo Village (25m Indoor Pool) Via Francesco Bruno, 26, 74123 Taranto

Distance race venue: 3,5 km

Free entrance athletes/coaches accredited in the official start list. ID document mandatory.

The Swimming Pool is available from Tuesday 4th to Friday 7th from 7h30 to 11h30.

It is necessary to book because a maximum number of athletes (10) can access the structure at the same time (1 h) <https://worldtriathlonparacuptaranto.makeplans.com/>

Note: no secure bike storage facilities.

5.3 BIKE COURSE FAMILIARIZATION

Bike course familiarization for paratriathletes will take place from 14h00 to 14h30 on Saturday, October 28th at the S.V.A.M. Military Air Force Volunteer School, Via Mario Rondinelli, 26, 74121 – Taranto.

Athletes should meet at Transition area.

During the familiarization the athletes will be escorted by the LOC and by the local police.

Vehicular traffic will be open but controlled.

After briefing, it will be possible to leave your bike inside the Athlete lounge until the race on Saturday.

5.4 BIKE TRAINING

Athletes can train around the city but be aware: roads are not closed from traffic. Athletes are cycling at their own risk, and traffic rules have to be respected.

5.5 RUN COURSE FAMILIARIZATION

Run course familiarization for paratriathletes will take place from 15h00 to 15h45 on Friday, June 7th at the S.V.A.M. Military Air Force Volunteer School, Via Mario Rondinelli, 26, 74121 – Taranto.

Athletes should meet at Transition area.

During the familiarization the athletes will be escorted by the LOC.

5.6 RUN COURSE FAMILIARIZATION

On the mornings from Tuesday 4 to Friday 7 June (9:00 am – 12:00 am), athletes will be

able to train on the athletics track, having free access to the “CENTRO SPORTIVO MARINA MILITARE via Cugini”, via Cugini Giovanni, 50, 74121 – Taranto.

Reservation: It is necessary to book because a maximum number of athletes (10) can access the structure at the same time (1 h): <https://worldtriathlonparacuptaranto.makeplans.com/>

6. ACCREDITATION

- LOC will provide the official Accreditation Card to athletes, coaches, guides, team medical, technical officials, all the organizing committee members, VIPs, media, and volunteers, in accordance with World Triathlon Event Organizers’ Manual (EOM) and World Triathlon Competition Rules.
- Athletes and Guide Accreditations will be included in the race pack that is going to be just after the athlete’s briefing.
- Accreditation Cards are color-coded and provide access to specific areas of the competition venue.
- All accredited persons must always carry their accreditation card with them and show it upon request.
- All the other accreditations will be issued by the LOC at the Loc Office Friday the 7th from 16.00 to 19.00.
- Athletes and their accredited coach/support team must fill in the pre-event questionnaire prior to the race package distribution.
- If an athlete is not present and there is a waiting list, the athlete must be replaced according to standard procedures. The problem should be reported to World Triathlon Entries entries@triathlon.org

7. GENERAL COMPETITION INFORMATION

7.1 COURSE INFORMATION

Warm-Up	Athletes may not warm up on the course on competition days due to use by other events. Swim warm-up time and location will be provided at the Athletes' Briefing prior to the competition.
Start	Athletes will start from a floating structure and stand in a starting position 70cm wide. The Race Referee, with the assistance of World Triathlon Technical Officials who are assigned to the start, will start each race.
Swim Course	The swim loop is 750m long, and athletes will complete one lap. The first turn is set at 280m. The average water temperature will be between 19-27°C (66,2 °F – 80,6°F) The official water temperature will be taken one hour before each race start and posted in the Athletes' Lounge
Bike Course	There are five laps of 4,20 km each. Road are paved with good tarmac surfaces.
Run Course	Generally, flat course, with 2 laps of 2,5 km crossing the S.V.A.M. Military Air Force Volunteer School.
Wheel Stations	One wheel station will be located 300 m from the start of the bike lap (on the left side). Wheel must be checked – in and out at the Athletes' Lounge
Aid Stations	One Aid station will be located at the second turning point (towards the finish line) and one beyond the finish line. Sealed water bottles will be given.
Penalty Box	The penalty box for the transition area and the bike is on the right before returning to the transition area. The run penalty box is located just before the finish line.
Award Ceremony	As per the World Triathlon Competition rules 2.8 c.) (i), athletes must wear the uniform during the entire competition and award ceremony. Long sleeves and long pants are allowed for the award ceremony. Para athletes are not allowed to carry their country flag on the podium; there will be flags raising with the playing of the national anthem of the winner.

7.2 DISTANCES

Categories	Swim	Bike	Run
------------	------	------	-----

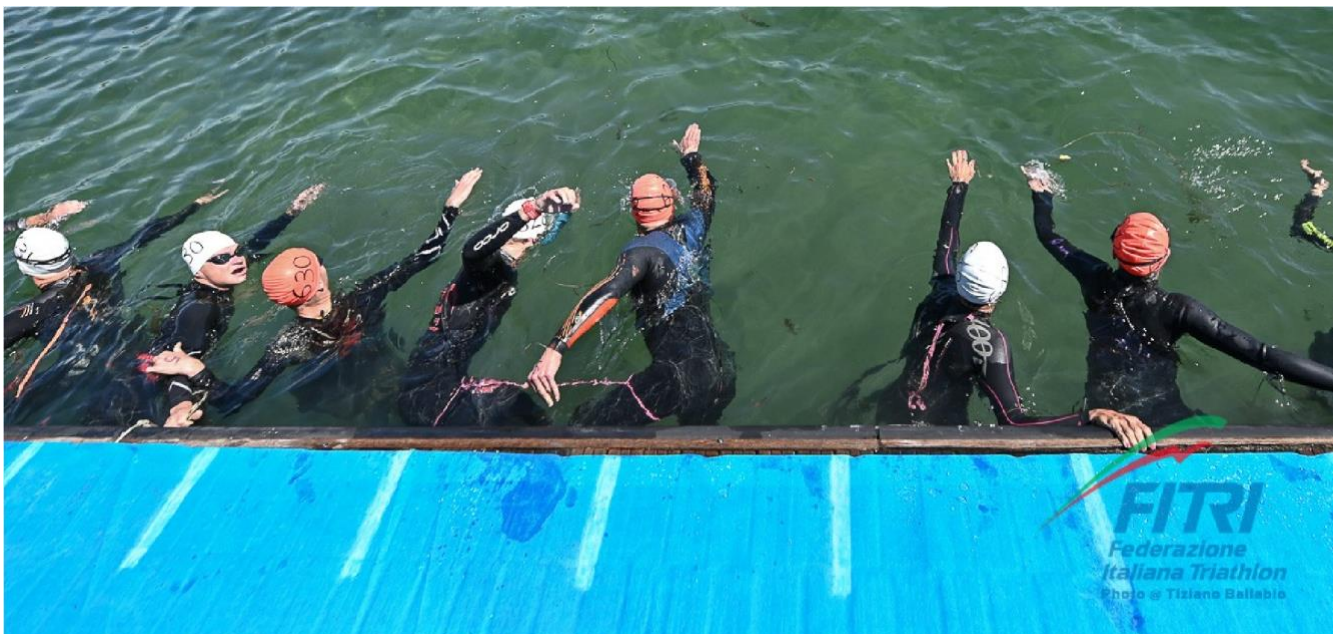

PTWC1 – PTWC2 – PTVI1 – PTVI2 – PTS1 – PTS2 – PTS3 – PTS4 – PTS5	750 mt 1 lap	20 km 5laps x 4,20 km	5 km 2laps x 2,50 km
---	-----------------	--------------------------	-------------------------

7.3 COMPETITION RULES

The World Triathlon Para Cup 2024 will follow the latest published Competition Rules of the World Triathlon.

7.4 STARTING PROCEDURES

The athletes will be lined up in the water using a pontoon to which they can support themselves before the start.

7.5 WEATHER CONDITION

The climate in Taranto in June is between 21-29°C (66,2° F – 80,6° F) and low precipitation. The heat stress index will be monitored during the competition days.

7.6 RESULTS

Online results will be provided live on [triathlon.org/results](https://www.competitions.com).

AGRO - ALIMENTARI e AMBIENTALI

LAB N° 1151 L

SEGUE RAPPORTO DI PROVA N° 407/ 04/ 24

Note: Laboratorio operante secondo la norma UNI CEI EN ISO/IEC 17025:2018 ed iscritto al n. 28P del registro della Regione Puglia dei laboratori di analisi ai fini dell'autocontrollo per le industrie alimentari (Determina Dirigenziale n. 109 del 01/04/2010).

Laboratorio abilitato ad effettuare analisi in ambito Piani Nazionali di Controllo Salmonellosi (PNCS).

Il presente rapporto di prova riguarda esclusivamente il campione sottoposto a prova e non può essere riprodotto in forma parziale, se non previa approvazione scritta da parte di questo laboratorio. È fatto assoluto divieto di modificare anche parzialmente i dati contenuti nel rapporto di prova.

Nel caso di campionamento a cura del cliente, i risultati si riferiscono al campione così come ricevuto ed i campi "descrizioni del campione", "data", "ora" e "luogo di prelievo" contengono informazioni fornite dal cliente o dall'organo prelevatore; il risultato espresso per unità di superficie o volume è ottenuto mediante ricalcolo effettuato sulla base della misura (es. area o volume) espressamente dichiarata da chi ha eseguito il campionamento. Il laboratorio declina la propria responsabilità relativamente ai dati forniti dal cliente.

L'incertezza di misura, ove riportata, è espressa come incertezza estesa nelle stesse unità di misura del risultato delle prove, utilizzando un fattore di copertura $K=2$ corrispondente ad un livello di fiducia pari al 95%.

Per le prove microbiologiche sulle acque l'incertezza di misura si esprime come intervallo di confidenza al 95% di probabilità secondo la ISO 8199:2018. Per le prove microbiologiche su alimenti e campioni ambientali, l'incertezza estesa è stimata in conformità alla norma UNI EN ISO 19036:2020 ed è basata su una incertezza tipo composta moltiplicata per un fattore di copertura $K=2$, fornendo un livello di confidenza del 95%. L'incertezza tipo composta deriva dalla stima separata delle componenti tecnica, di matrice e distribuzionale.

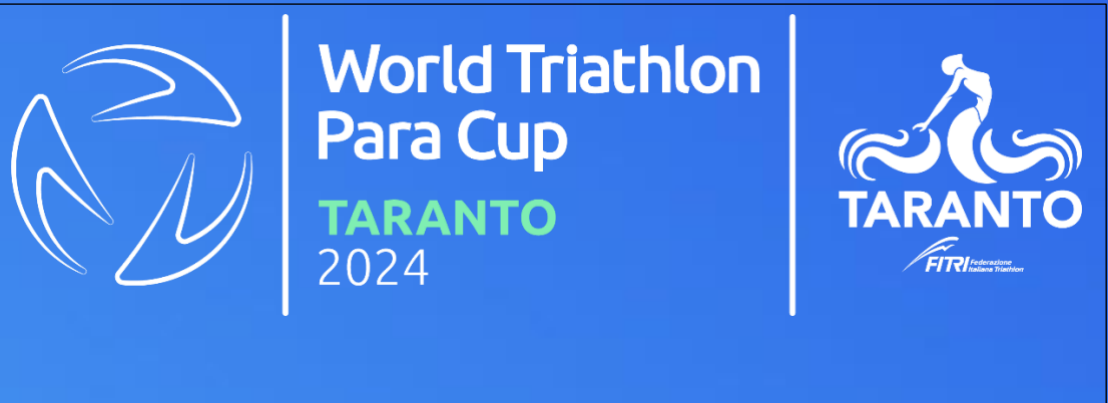

Il laboratorio utilizza le regole decisionali riportate in leggi, norme tecniche o specifiche definite dal cliente. Qualora i documenti di riferimento o gli utenti delle misure non indichino le regole decisionali, per l'analisi di conformità il laboratorio utilizza il criterio di "semplice accettazione" come descritto nella guida ILAC G8:09/2019. Nell'applicare questa regola decisionale, la conformità rispetto ai limiti della specifica o della norma risulta verificata quando i risultati di misura cadono all'interno dei limiti di accettazione. Qualora il valore riscontrato sia pari al limite superiore o al limite inferiore, il livello di rischio associato coincide con il 50% di falsa accettazione o di falso rifiuto.

U.M. = Unità di misura
LOQ = Limit of quantification
LOD = Limit of detection

FINE RAPPORTO DI PROVA

Il Responsabile del Laboratorio
Dott.ssa Antonia Console

OUR TEAM IS LOOKING
FORWARD TO SEEING YOU IN
TARANTO ON 7-8 JUNE!
